

OFFICE OF STRATEGIC SERVICES
WASHINGTON, D. C.

MEMORANDUM

22 May 1945

TO: Chairman, Projects Committee

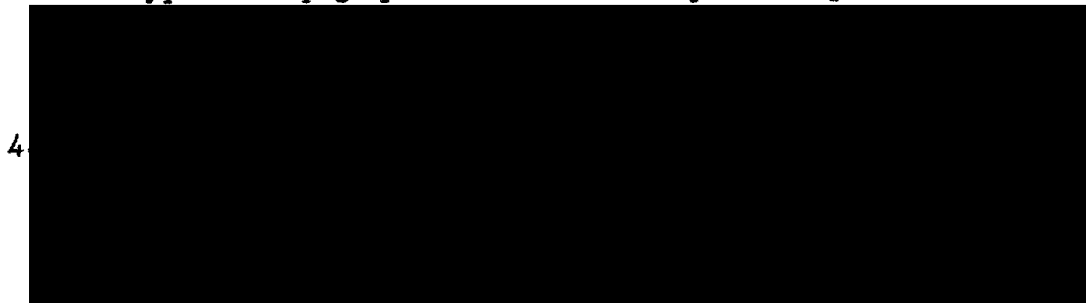

25X1A

FROM: [REDACTED]

SUBJECT: City Plans, JANIS

1. The Cartography Section has prepared, to date, approximately 120 city maps for JANIS. In terms of man hours and degree of detail, they may be divided in three categories.
 - a. City plans - man hour average - 145
 - b. City maps - man hour average - 50-80
 - c. City sketches - man hour average - 35
2. Categories a. and b., but especially a., are quite removed from the type of map work usually associated with the OSS Map Division. They are essentially tactical in nature.
3. It has been Map Division policy to concentrate on strategic and specialty maps. In accordance with this policy, the Division has recently concurred in the decision to include city plans as among the types of topographic and tactical maps to be part of the
